"Sweet and Lovely"

Sensational New Fragrant Gladiolus

This delightful new beauty is the first fragrant Gladiolus having the height and size of other fine Gladiolus. All other fragrant Gladiolus are small and grow on short, weak stems and must be grown in a hothouse, but "SWEET AND LOVELY" will grow and flower right out in the open in your garden with your other Gladiolus and requires no special care. The colored illustration gives but a faint idea of the beauty of this new marvel of the floral world. The individual florets are four inches wide and the flowering stalks are three to four feet tall.

But the outstanding feature of this lovely new variety is its fragrance, for "SWEET AND LOVELY" brings us an entirely new fragrance all its own. It is not the overpowering fragrance of the Lily; neither is it the fragrance of the Rose, or the Violet, or any other flower. It is a new fragrance, the fragrance that will be identified with the fragrant Gladiolus of the future, a fragrance that is delicate, subtle, yet sweet and distinct. The fragrance is greatest just as the flowers are opening, and in order to enjoy the full benefit of their sweet odor, they should be cut just as the buds are opening and placed in a vase of water in a quiet, fairly warm room.

You will surely want to enjoy both the beauty and the fragrance of "SWEET AND LOVELY" in your garden and in your home this Summer, for it is equally attractive in the garden or as a cut flower.

20c each; 3 for 50c; 6 for 80c; 12 for \$1.25;
100 for \$8.00

BAYSIDE, L. I., N. Y.

Robert Wayman's "Bouquet" Collection of Choice Gladiolus

The many complimentary letters I received last season regarding this collection were most gratifying. Last year's "Bouquet" Collection was a superb collection, but this year's collection will be even finer, as many newer and finer varieties have been added so as to make this by far the finest mixed collection I have ever offered. The varieties exhibited at the "Century of Progress" World's Fair will also be included. In many varieties the individual florets will measure from four to six inches across and the flower stalks will be four feet high. This collection now covers the entire color range including the newer lavenders and purples, yellow, rose and salmon shades, scarlet, white, pink, orange, etc. all mixed together in a well balanced collection.

All are magnificent, large, flowering size bulbs and guaranteed to be clean healthy stock.

This is a gorgeous collection for mass planting in the garden, as well as for cut flowers. A 60 day succession of bloom may be expected from one planting, and by making two or three plantings 30 days apart, flowers may be had all Summer long.

Order as many collections as you can make room for. If you do not have room for 100, get your neighbor to join with you, but 100 Gladiolus require a space only 3 by 3 feet, and many gardens have room for several collections.

NOTHING EASIER TO GROW

There is nothing easier to grow, or more satisfactory than Gladiolus. Just put them in the ground and await results. Plant them anywhere, in clumps, in beds or in rows; or fill in the unused spots in your garden. These superb flowers will add a magical spot of color wherever you put them. Each package will contain a pamphlet telling "How to grow fine Gladiolus".

The World's 15 Best

HERE THEY ARE! The 15 varieties which, among thousands of varieties voted upon, received the Highest Votes of the membership of the American Gladiolus Society. In the opinion of the members of this organization THERE ARE NO FINER VARIETIES IN THE WORLD THAN THESE 15 VARIETIES. Ask anyone who has bought them and they will tell you how marvelous they are.

Pursuing my policy of offering only the best, I have assembled these 15 varieties into one superb collection and now offer them at prices within the reach of all. In selecting a representative group of Gladiolus for the garden, one can well

afford to be guided by the combined judgment of the members of the American Gladiolus Society as expressed in the ballot of the National Society. With thousands of varieties to vote upon, Picardy received the largest number of votes and has been proclaimed The World's Finest Gladiolus; Minuet received the second largest number of votes; Marmora third, etc. The varieties that received the 15 highest votes are listed below in the order of merit according to the number of votes received.

When the membership of the American Gladiolus Society, consisting of the country's leading professional growers, breeders and Gladiolus enthusiasts, give these 15 varieties the greatest number of votes, it is obvious that these 15 varieties are the last word in Gladiolus excellence. They are all of outstanding merit, large flowers, of magnificent form, texture and color, with many flowers open on a stalk at once, some of the individual florets measuring six to seven inches across. Each is the finest of its class. They carry off all the prizes wherever they are shown. And so, if you wish to have a collection of Gladiolus that will be the sensation of your community, either on the show bench or in the garden, this is your opportunity.

Cultural Directions Included with All Shipments
You May Choose Individual Varieties or
Order Complete Collection

PICARDY—The sensation of the Gladiolus world and winner of the highest symposium vote. Soft shrimp pink. Florets up to seven inches across, many open at once. Sold four years ago for \$2.00 a bulb. 15c each; 3 for 25c; 6 for 40c; 12 for 65c; 100 for \$3.50.

MINUET—The finest of its color; see color illustration. 15c each; 3 for 25c; 6 for 40c; 12 for 65c; 100 for \$3.50.

MARMORA—Exquisite flower; unusual lavender-gray, with bright petunia spot at the throat. Many flowers open at once. 10c each; 3 for 20c; 6 for 30c; 12 for 50c; 100 for \$2.75.

BETTY NUTHALL—Always a Prize Winner. Glowing orange-pink with soft yellow throat. Florets sometimes six inches across, eight or more florets open at once on the same spike. As many as five spikes to a single bulb. See color illustration. 10c each; 3 for 20c; 6 for 30c; 12 for 50c; 100 for \$2.75.

W. H. PHIPPS—Received highest vote for several years and still one of the five best. Gorgeous salmon pink; very large flowers, many open at once. My own special favorite. If I could have but one Gladiolus it would be W. H. Phipps. 10c each; 3 for 20c; 6 for 30c; 12 for 50c; 100 for \$2.75

Minuet

Gladiolus

COMMANDER KOEHL—The world's finest red variety. A gorgeous flower, large, tall and stately. 15c each; 3 for 25c; 6 for 40c; 12 for 65c; 100 for \$3.50.

MOTHER MACHREE — Invincible lavender, with glints of salmon and gold and a delightful yellow area at the throat. 15c each; 3 for 25c; 6 for 40c; 12 for 65c; 100 for \$3.50.

PFITZER'S TRIUMPH — Enormous salmon - orange flowers. Winner of innumerable prizes. Best in its class. 10c each; 3 for 20c; 6 for 30c; 12 for 50c; 100 for \$2.75.

DR. F. E. BENNETT—A grand variety and dependable prize winner. Unexcelled brilliant scarlet. Gigantic flowers, many open at once. 10c each; 3 for 20c; 6 for 30c; 12 for 50c; 100 for \$2.75.

MRS. LEON DOUGLAS—Magnificent begonia-rose, flaked scarlet. One of the largest and showiest of all Gladiolus. 10c each; 3 for 20c; 6 for 30c; 12 for 50c; 100 for \$2.75.

ALBATROSS—The world's best white, absolutely pure; gigantic flowers on tall spikes, many open at once. Received highest vote of all whites. 15c each; 3 for 25c; 6 for 40c; 12 for 65c; 100 for \$3.50.

GOLDEN DREAM—Rich golden yellow. Proclaimed the world's best yellow by receiving the highest number of votes of all yellows. 10c each; 3 for 20c; 6 for 30c; 12 for 50c; 100 for \$2.75.

MAMMOTH WHITE—A gorgeous white, with a beautiful cream -throat. Gigantic flowers, even larger than Albatross. 15c each; 3 for 25c; 6 for 40c; 12 for 65c; 100 for \$3.50.

AFLAME—A flaming scarlet of the finest Primulinus-Grandiflorus type. Gigantic spikes and blooms and a magnificent flower. 10c each; 3 for 20c; 6 for 30c; 12 for 50c; 100 for \$2.75.

EMILIE AUBRUN—Immense flowers of rich rose red suffused blue, with brilliant carmine spot at throat. 10c each; 3 for 20c; 6 for 30c; 12 for 50c; 100 for \$2.75.

The many fine letters I receive are always a source of pleasure to me. A letter received from a Postmaster in Massachusetts is typical of many others. He writes as follows:

"Last year I had two of your Fifteen World's Best Gladiolus Collections. They were exhibited at two fairs and won first prize at each showing. 'Just Wonderful' was the expression of all who saw them."

New, Rare and Unusual Gladiolus

Golden Goddess

GOLDEN GODDESS (Patent No. 77)—The first patented Gladiolus. A new and absolutely perfect yellow, with 20 to 25 flowers to a single stalk, ten or more open at once, and stalks four feet tall. The finest yellow Gladiolus introduced to date.* Large Bulbs \$1.00 each; 3 for \$2.50.

* Golden Goddess is sold only as stated above and is not included in any collection.

This magnificent collection is made up especially for those who have already bought the 15 World's Best Gladiolus and would now like to add others in colors, types, or forms not included in the other collection. Each variety in this group is something new, or rare, or unusual, each is the best in its class and each variety will add something to any high class collection. Each of these fine Gladiolus will cross with "The World's 15 Best" and when they are better known they will be among the top-rated varieties. I recommend this group to those who want the best of the "New, Rare, and Unusual" Gladiolus.

BAGDAD—Gigantic flowers—individual florets 6 inches or more across, 16 flowers to a stalk, 6 open at once. Always a Winner. Where Bagdad is exhibited it is just a question of who shows the best Bagdad to win first in its class. 15c each; 3 for 35c; 6 for 60c; 12 for \$1.00; 100 for \$6.00.

BLEEDING HEART—One of the most showy of all Gladiolus. White, tinted light pink and with a large red spot at the throat. There is nothing to compete with Bleeding Heart. 15c each; 3 for 35c; 6 for 60c; 12 for \$1.00; 100 for \$6.00.

CONSTANCY—Very large clear rose-pink, with a darker spot at the throat. One of the first to bloom. A gorgeous cut flower variety. 15c each; 3 for 35c; 6 for 60c; 12 for \$1.00; 100 for \$6.00.

EARLY MELODY—A very early, unusually clear pinkish-lavender. A new variety of great refinement. 15c each; 3 for 35c; 6 for 60c; 12 for \$1.00; 100 for \$6.00.

FRANK J. MCCOY—Very large flowers of clear rose-pink, with a brilliant scarlet spot at the throat on the lower petals. 15c each; 3 for 35c; 6 for 60c; 12 for \$1.00; 100 for \$6.00.

LA PALOMA—An absolutely new and distinctive shade of vivid orange. Huge flowers of heavy substance. 15c each; 3 for 35c; 6 for 60c; 12 for \$1.00; 100 for \$6.00.

MARY ELIZABETH—Beautifully ruffled white flowers, with a yellow throat, 6 to 9 florets open at once on a huge spike. One of the most handsome new whites. Winning prizes wherever exhibited. 25c each; 3 for 65c; 6 for \$1.00; 12 for \$1.75; 100 for \$12.00.

MILDRED LOUISE—A distinctive and delightful new shade in Gladiolus. Upper petals pure strawberry pink; lower petals tipped the same color, blending to pinard yellow at the throat, with delphinium blue anthers. 15c each; 3 for 35c; 6 for 60c; 12 for \$1.00; 100 for \$6.00.

PELEGRINA—Large flowers of intense deep blue on a four foot spike, 14 flowers to a spike. The best deep blue. A magnificent flower. Early. 15c each; 3 for 35c; 6 for 60c; 12 for \$1.00; 100 for \$6.00.

TOBERSUN—A recent new yellow introduction, with larger flowers than Golden Dream and many open at once. 15c each; 3 for 35c; 6 for 60c; 12 for \$1.00; 100 for \$6.00.

WASAGA—The most beautiful Gladiolus ever produced, with 5 inch ruffled florets of pure apricot-buff, with no marking of any kind. 15c each; 3 for 35c; 6 for 60c; 12 for \$1.00; 100 for \$6.00.

WUERTEMBERGIA—The most dazzling fiery-red Gladiolus, with a cream white throat. Gorgeous blooms of mammoth size on tall stalks. 20c each; 3 for 50c; 6 for 85c; 12 for \$1.50; 100 for \$10.00.

Tigridia Pavonia (Mexican Tiger Flower)

(Also known as Mexican Shell Flower)

These very rare and marvelously beautiful flowers are of the most exotic appearance and never fail to attract attention. Those I am offering this year are the most marvelous hybrids in the world of this unusual and very showy flower.

The colors of these unusual hybrids range from soft yellow to deep orange and from soft pink to red, scarlet and crimson tones. There is also a pure snow white. Some are solid colors and others have beautiful leopard-like spots at the throat, those with spotted throats predominating. Plant in the Spring and enjoy their loveliness all summer.

6 Mexican Tiger Flower Bulbs, Assorted Colors, \$1.25

12 Bulbs for \$2.00

100 Bulbs for \$15.00

Eight Sensational Everblooming Climbing Roses

Climbing Talisman

EVERBLOOMING CLIMBING TALISMAN ROSE

(See color illustration above)

This new climbing everblooming form of the famous Talisman Rose has created a sensation in my Long Island Gardens during the past two seasons. The large double flowers are identical in color and form with the bush form, but are even larger and more handsome. The above cut does not begin to do them justice. They are constantly in bloom from June until killed by frost. No Rose is more beautiful as a cut flower and none has ever been more popular than the Famous Talisman Rose.

If this were a patented Rose it would, no doubt, be selling for considerably more money than I am asking for it, but as it is not patented, I can set my own price on it and I am glad to be able to sell it at a price that is within the reach of the average pocketbook.

The plants furnished will all be strong, number one, field grown, two year old plants, which should give you an abundance of blooms all Summer.

\$1.00 each; 3 for \$2.50; 6 for \$4.50; 12 for \$7.50

CLIMBING COUNTESS VANDAL—The climbing form of the very fine patented rose of the same name is being introduced this year for the first time. It is exactly the same as the bush form (see illustration page 13), but in strong growing climbing form, producing these gorgeously beautiful flowers all summer. \$1.00 each; \$10.00 doz.

"NEW DAWN" EVERBLOOMING CLIMBING ROSE (Plant Patent No. 1)—See color illustration below. A very lovely soft pink Climber, and a real ever-bloomer. Every plant in my Exhibition Gardens this past season was constantly in bloom all Summer long right up until killed by frost. Awarded the Bloomfield Medal for the Best New Climbing Rose by the American Rose Society in 1935, this being the first time this Medal has been awarded. A robust grower and constant bloomer. \$1.50 each; \$15.00 doz.

New Dawn

EVERBLOOMING CLIMBING RADIANCE ROSE

For many years the famous "Radiance" Rose has been the standard by which all other Hybrid Tea Roses are judged as to vigour, freedom of bloom, hardiness and general desirability everywhere. It is a magnificent, large, exquisitely fragrant true pink flower, of perfect form and always loaded with blossoms. No Rose has ever equalled the Radiance Rose for all these desirable qualities, for which it was awarded a Silver Medal by the American Rose Society. NOW WE ARE ABLE TO OFFER YOU THE EVERBLOOMING CLIMBING FORM, WITH ALL THESE DESIRABLE QUALITIES PLUS A MUCH GREATER PROFUSION OF BLOOM. WHY HAVE A ROSE THAT BLOOMS JUST ONCE, WHEN YOU CAN HAVE THE FINEST ROSE IN THE WORLD, ALWAYS IN BLOOM, AT SMALL COST. See color illustration at right, which of course is greatly reduced in size. This illustration was made from an actual photograph. \$1.00 each; 3 for \$2.50; 6 for \$4.50; 12 for \$7.50.

Everblooming
Climbing
Radiance

EVERBLOOMING CLIMBING RED RADIANCE ROSE

This is exactly the same as the foregoing in size, form, vigour, habit of growth and in all other good qualities, but the color is a rich deep American-Beauty red. \$1.00 each; 3 for \$2.50; 6 for \$4.50; 12 for \$7.50.

DIXIE CLIMBER (Patent Pending)—This new beauty is one of our most magnificent new climbing roses, and very much underpriced for such a magnificent rose. A huge flower, extremely double, in a most artistic blending of salmon and gold, with a deeper tone to the outside of the petals. Very sweet fragrance. A vigorous climber, with large handsome foliage and a true ever-bloomer. \$1.00 each; \$10.00 doz.

CLIMBING PRESIDENT HOOVER ROSE

This is a true climbing form of the President Hoover Rose, which has been the winner of several Medals and Awards. I am happy to be able to offer this new Everblooming Climbing form, which has all the beauty of the bush form, but with much greater profusion of bloom. The color is a medley of gold, pink and red that cannot be adequately described, but must be seen to appreciate its great beauty. You cannot begin to imagine the breath-taking beauty of this Rose in full bloom. See color illustration page 17. \$1.00 each; 3 for \$2.50; 6 for \$4.50; 12 for \$7.50.

COUNTESS MARY—A new climbing form of "Mary, Countess of Ilchester". A superb climber, with fine, large, double, exquisitely fragrant deep pink flowers, of fine form, freely produced on robust canes. \$1.00 each; 3 for \$2.50; 6 for \$4.50; 12 for \$7.50.

Everblooming
Climbing
Red Radiance

"Cream Quality" Climbing Roses

© 1933

Golden Climber

PLANT PATENT
NO. 28

GOLDEN GLOW (Patent Pending) — This new climber is destined to be a sensation among Rose growers who know their Roses. No other yellow Rose can compare with it in freedom of bloom, or purity or intensity of color, the color being a pure spectrum yellow, which holds its color until the last petal drops. For mass color effect nothing equals it, as the plant and foliage are completely hidden by flowers when in bloom. The flowers are of huge size, up to 5 inches across, of perfect Hybrid Tea form and exquisite China Tea fragrance, borne on stiff stems, with one to 25 or more flowers to a stem, one stem often making a huge bouquet. The plants are vigorous and disease resistant, producing canes 15 feet or more in length. If this word description conveys to your mind even a faint impression of the many merits and great beauty of this new Rose, I am sure you will want to be the first to have it in your community. It will certainly attract a great deal of attention to your garden. **Number one, "Cream Quality", strong two year old, field-grown plants \$1.50 each.**

GOLDEN ORANGE CLIMBER (Patent Pending)— Another magnificent new climber, which is entirely different from Golden Glow, but equally striking. The color is pure yellow to light cadmium orange, stippled and splashed with orange scarlet, but this description gives but a faint idea of its great beauty. It is a Rose of great refinement with waved and crinkled edges and China Tea fragrance, and especially appreciated for cutting. **Number One, strong field-grown, two year old plants, \$1.50 each.**

GOLDEN CLIMBER ROSE (Mrs. Arthur Curtis James) Plant Patent No. 28—The color illustration above gives but a very faint idea of the great beauty of this magnificent Rose, for it is a perfectly gorgeous flower of Hybrid Tea Type, four to five inches in diameter, perfectly double, and of fine form. It was the Winner of the Gold Medal awarded for the Best Rose of 1933. It is a pure deep yellow climber, the flowers usually being produced one to an 18-inch stem, making them ideal for cutting. It has hardy glossy foliage and ornamental red thorns on rich green wood. The flowers are exquisitely fragrant. The plant is a rugged grower and is hardy in severe sub-zero weather. It is the Yellow Climber that Rosarians have been looking for. Must be planted in full sun for best results. **\$1.00 each; \$10.00 dozen.**

BLAZE CLIMBING ROSE (Plant Patent No. 10)—See color illustration at right. A sport of Paul's Scarlet Climber, with all its beauty, hardiness, vigour and profusion of bloom, but with a tendency to produce two or more crops a year when fully established. **\$1.00 each; 3 for \$2.50.**

SPANISH BEAUTY (Mme. Gregoire Staechelin)—Very large, delightfully fragrant, fully double pink flowers, with vivid crimson buds. An abundant bloomer and one of our best climbing Roses both as a garden subject and for cut flowers. Vigorous grower with large leathery foliage. **\$1.00 each; 3 for \$2.50; 6 for \$4.50; 12 for \$7.50.**

PLANT PATENT
NO. 10

The Best of the New Patented Everblooming Hardy Hybrid Tea Roses

© 1935

White Briarcliff

PLANT PATENT
NO. 108

In purchasing these new patented Hardy Hybrid Tea Roses, you may be assured that you will have in your garden the finest Roses created to date, as well as the newest. Newness is assured because no plant patents were issued prior to 1930. Superb quality is certain because no plant patent is issued excepting to something new and distinct, or a sufficient improvement on those varieties already in existence to justify issuing a patent as something new and distinctive. When you buy a patented Rose, you not only buy a "new" Rose, but something superior to anything previously in existence.

Only the very finest No. 1 strong Field Grown, two year old plants will be furnished, such as should fill your garden with an abundance of blooms all Summer long. There are no finer plants grown than those that I will furnish.

WHITE BRIARCLIFF, Plant Patent No. 108—See illustration above. The supreme white Rose, of perfect form and pure glistening white. The best white Rose to date for all purposes. Hardy and a continuous bloomer. \$1.50 each; 3 for \$3.75.

TEXAS GOLD, Plant Patent No. 135—Color rich gold, with some of the lower petals showing pink on the outside. A magnificent new yellow Rose. \$1.00 each; 3 for \$2.50.

Texas
Centennial

TEXAS CENTENNIAL, Plant Patent Pending—See color illustration above. This new brilliant vermillion-red Rose holds its color in the sun better than any other Rose. It has a pronounced fragrance, and is a rugged grower and profuse bloomer. No Rose attracts more attention in the garden than Texas Centennial and as a cut flower it is perfect. The flowers are very large and of perfect form. It is a great Rose, ranking among the best half dozen Roses available and is offered at a remarkably low price for such a choice variety. \$1.00 each; 3 for \$2.50.

Texas
Gold
(Patent
Pending)

The Best of the New Patented Everblooming Hardy Hybrid Tea Roses

(Continued)

COPYRIGHT 1935 BY J. & P. CO.

Eclipse

ECLIPSE, Plant Patent No. 172—See illustration above. A new American introduction and the International sensation of the year. Awarded prizes in Rome, Paris, and other test gardens, culminating in the Bagatelle Gold Medal awarded in France, June, 1936 for the best new Rose of the year. Previously awarded a Gold Medal in May, 1936 at the Annual Show of the National Horticultural Society of France. In October, 1935 the Italian Government awarded Eclipse their one Gold Medal of the year. Elongated, stream-lined bud of pure golden-yellow opening to a magnificent double Rose of the same golden-yellow color. \$1.50 each; 3 for \$3.75.

© 1935

Gloaming

GLOAMING, Plant Patent No. 137—See illustration above. One of the sensational new Roses of the year. The color illustration but faintly depicts the great beauty of this new Rose. Winner of Gold Medal in France, 1936. \$1.50 each; 3 for \$3.75.

© 1934

PLANT PATENT NO. 87

NIGRETTE, Plant Patent No. 87—See illustration above. "The Black Rose of Sangerhausen". This is the sensational new "Black Rose" you have been

reading about in the newspapers. Its color is very much like the Black Tulip, and from a little distance it seems to be dead black. This unusual Rose will be greatly admired in your garden. \$1.50 each; 3 for \$3.75.

© 1935

Alezane

PLANT PATENT NO. 116

ALEZANE, Plant Patent No. 116—See illustration above. A sensational new Rose, introduced for the first time in the Fall of 1935 and Spring of 1936. A vigorous grower and a free bloomer. \$1.50 each; 3 for \$3.75.

MARY HART, Plant Patent No. 8—See color illustration at right. Unsurpassed as a red Rose, the color being a striking, brilliant velvety blood red, as shown in the cut. Unexcelled in its color. \$1.00 each; 3 for \$2.50.

Mary Hart

COUNTESS VANDAL, Plant Patent No. 38—See illustration below. The most popular Rose exhibited at the Century of Progress exposition. A constant bloomer and indescribably beautiful. Should be in every garden. \$1.00 each; 3 for \$2.50.

Countess
Vandal

© 1932

PLANT PATENT
NO. 8

MATADOR — Plant Patent No. 170. See natural size color illustration on front cover. As can be seen by the illustration, this is a marvelous Rose, with heavy kid-like petals and a dark silky sheen on the reverse of petals. A flower of mammoth size, perfect form and beautiful rich color. Very fragrant. A Rose that leaves nothing to be desired. \$1.50 each; 3 for \$3.75.

AMELIA EARHART, Plant Patent Na. 63—Huge flowers of cream to soft yellow, with deep yellow centre. Extremely fragrant. A free bloomer and strong grower, with large, rich, dark-green foliage. One of the most popular of the new Roses. Everybody likes it. \$1.25 each; 3 for \$3.25.

TOKEN, Plant Patent No. 95—A free bloomer with flowers of unusual color, the glowing tone of a rich sun-ripened apricot, gradually changing to soft coral. \$1.25 each; 3 for \$3.25.

GOV. ALFRED E. SMITH, Plant Patent Na. 62—A magnificent, very large, round Rose of perfect form, in a most artistic blending of salmon and gold, with a deeper tone on the outside of the petals. Very sweet fragrance. \$1.00 each; 3 for \$2.50.

BETTER TIMES, Plant Patent Na. 23—See illustration at right. Long crimson buds of delightful form, open into a large, double, delicately fragrant flower that is perfection itself. No Rose makes a more delightful showing in the garden. \$1.25 each; 3 for \$3.25.

SIGNORA, Patent Applied For—The first Winner of the Gold Medal awarded by the newly organized International Contest of new Roses at the Gardens of Cello Oppio in Rome, Italy. This Rose is a real Masterpiece in both plant and bloom. Long bud of burnt sienna; opening to a lighter shade, towards mandarine. Tall growing plant, with every bloom on a long stem. \$2.00 each; 3 for \$5.00.

"Gold Medal"

The Best of the New Hardy

TOP SIZE "CREAM QUALITY" PLANTS ONLY

1—E. G. Hill

I consider this the finest collection of New Hardy Everblooming Hybrid Tea Roses that it is possible to get together at any price. There is nothing better, either as to variety or quality of plant furnished. The varieties in this group have been the recipients of scores of Medals, Cups and Awards. In fact, in reading over this list, one might get the impression that Medals and Awards are offered quite generously, but such is not the case. Medals and other Awards are given to comparatively few Roses, but this just happens to be that sort of a collection, as the name "GOLD MEDAL COLLECTION" implies.

I could furnish these same Roses for less money if I were willing to send out less desirable plants, but I am not. Each bush sent out will be selected for quality, and each will be an extra strong, strictly number one quality, two year old, field grown plant, with heavy root system, ready to flower all Summer long in your garden. These "Cream Quality" Roses are selected with such care that, in a field of two year old Roses, only about one out of every three is selected. Any Roses selected from this group will therefore be "The Cream of the Crop."

PLACE YOUR ORDER EARLY for best results. Planting and cultural directions will accompany all shipments.

AMI QUINARD—A rich velvety blackish-maroon. One of the darkest and richest Roses we have. Winner of several foreign awards. Delightful fragrance. Rugged and free flowering.

AUTUMN—See color illustration No. 9. Attractive in every stage. Burnt orange buds before opening. Strong upright growth. Free flowering.

BETTY UPRICHARD—See color illustration No. 7. Highly honored by being placed in Class One of nine newer Hybrid Tea Roses in the 1933 Rose Annual of the American Rose Society. Delightfully fragrant.

BRIARCLIFF—A brilliant, very full, free flowering, new silvery-rose pink. Exquisitely fragrant. An improvement on Columbia.

CHARLES K. DOUGLAS—A fragrant flaming scarlet, flushed velvety crimson. Very large full double flowers and a profuse bloomer all Summer.

CHARLES P. KILHAM—See color illustration No. 5. Strong grower and prolific bloomer. Large, handsome fragrant flowers.

COLUMBIA—An extra large, very fragrant, fully double (65 petals) glistening rose-pink. Awarded a Gold Medal by the American Rose Society, scoring 99.66 percent. A perfect Rose.

5—Chas. P. Kilham

Collection

Everblooming Hybrid Tea Roses

CUBA—Large dazzling orange-scarlet buds, opening to a delightful semi-double, slightly tinted yellow. Delightful fragrance. Attractive bronzy-green foliage. Very few thorns.

DAME EDITH HELEN—See color illustration No. 3. Pure glowing pink of magnificent form and exquisite fragrance, borne on long stiff stems, excellent for cutting. Considered by many the finest pink. Awarded Gold Medals by both the National Rose Society and Royal Horticultural Society of England as well as a Gold Cup for the best Rose of its year, and other awards.

EDEL—Massive both in bud and in full bloom. Opens ivory-white, changing to pure white. Well built, stately flower. Free bloomer and rugged grower. Pleasing fragrance. Indispensable.

EDITH NELLIE PERKINS—A marvelously free and continuous bloomer in a new two-tone effect, with coppery red outside and salmon pink inside. Very large flowers. One of the best of the recent introductions.

E. G. HILL—See illustration No. 1. A new Rose with dark red buds, opening to dazzling scarlet. Greatly honored by the American Rose Society by being placed in Class Two of newer Roses in 1933. Free flowering and delightfully fragrant.

ELDORADO—One of the best of the new yellow Roses, with huge flowers and buds. Very double (67 petals) and a prodigious bloomer and rugged grower.

ETOILE DE HOLLANDE—See illustration No. 8. A perfect flower, whether in bud, half open, or full bloom. Likes half shade best. Signally honored by being named First in a list of 12 Hybrid Tea "Favorite Roses" selected by experts in the 1929 American Rose Society Annual. Flower of large size, incomparable fragrance, perfect form, and exquisite color.

GOLDEN DAWN—An Australian introduction and Winner of several Awards, including a Silver Medal. Fully double, sweetly fragrant, very large flowers of rich sun-flower-yellow. Vigorous grower and prodigious bloomer.

HADLEY—Awarded a Gold Medal by the American Rose Society. Very large, fully double, intensely fragrant rich velvety crimson to intense velvety black-purple. Very free continuous bloomer.

JOANNA HILL — Large fragrant flowers of creamy-yellow, flushed orange. Leathery foliage. Few thorns. Rugged, profuse bloomer. Greatly honored by being placed in Class Two of newer Roses in 1933 by the American Rose Society. See color illustration No. 10.

JOHN RUSSELL—Originated in Scotland and Winner of several Medals and Awards, including the Bagatelle Gold Medal and the Gold Medal of the Scottish National Rose Society. Large, very double, beautifully shaped flowers of rich glowing crimson, almost black. Very free bloomer and vigorous grower.

JULIEN POTIN—Awarded a Gold Medal in France. A delightful flower with pointed buds and large very double clear pure primrose yellow flowers. Delightfully fragrant. Few thorns. Vigorous grower and profuse bloomer.

KARDINAL PIFFL—This delightful Rose originated in Holland and is one of the most lovely, as well as one of the most hardy and free flowering Roses we grow. Very large, fragrant, fully double. Inside red-orange; outside golden yellow.

KONIGIN LUISE—A delightful German introduction, being a cross of Frau Karl Druschki with Sunburst. Very large, extremely double, fragrant, snow white flowers. A profuse continuous bloomer.

LADY ASHTOWN—A magnificent brilliant pink Rose with golden shading at the base. An abundant continuous bloomer.

13—Willowmere

LADY HILLINGDON—See color illustration No. 6. A strong grower and free bloomer with flowers of sweet fragrance. One of the dozen best. Prefers part shade.

LORD ROSSMORE—One of the recent introductions from Ireland. Winner of the Gold Medal of the National Rose Society. Very large, double, exquisitely fragrant flowers of creamy white, shaded and margined rose pink. Very free flowering.

LOS ANGELES—See color illustration No. 15. A great favorite on the Pacific Coast, where it is superb. A magnificent flower with very sweet fragrance.

MME. CAROLINE TESTOUT—Very large double, fragrant satiny pink flower. Profuse bloomer all Summer and Fall.

MME. EDOUARD HERRIOTT—Winner of three Cups and a Gold Medal. Illustration No. 17 gives only a very faint idea of the great beauty of this magnificent variety. The flowers are large and freely produced.

MME. JULES BOUCHE—A French introduction with very double, fragrant white flowers, flushed pale blush at the center. Continuous bloomer all season.

MARGARET McGREDY—One of the finest of all Roses, originating in Ireland. Awarded the Gold Medal of the National Rose Society and especially honored by being placed in Class One by the American Rose Society among nine newer Hybrid Teas. A constant and profuse bloomer. Color orange-scarlet, holding its color until the last petal drops. Fragrant.

M. G. A. VAN ROSSEM—A Holland introduction that has been the Winner of many Medals and Awards. Very large, double, very fragrant perfectly formed flowers, heavily flamed and shaded apricot on a deep golden yellow ground, with reverse of petals often dark bronze to nearly brown. Prodigious bloomer.

McGREDY'S SCARLET—One of the very fine recent creations of the world-famous Irish Rosarians, Samuel McGredy & Son. Very large, full, exquisitely fragrant, brilliant scarlet flowers with an orange base. Free bloomer.

MISS ROWENA THOM—Enormous flowers of bright Rose pink, with a yellow base to the petals which adds to its attractiveness. Delightfully fragrant. Recipient of several awards and Medals, including the Silver Medal of the American Rose Society.

MRS. E. P. THOM—See color illustration No. 16. Pure yellow. Highly honored by being placed in Class One of nine newer Hybrid Teas in the 1933 American Rose Annual. Fragrant and free flowering, healthy and fine for cutting or garden.

MRS. HENRY BOWLES—A very fine English introduction. Winner of the Gold Medal of the National Rose Society. Large, beautifully shaped, very fragrant flowers of pink, flushed salmon.

MRS. PIERRE S. DUPONT—A Winner of five Gold Medals, no other Rose being so honored. The best deep golden yellow, which holds its color to the last. Blooms profusely all season.

MRS. HENRY MORSE—Winner of Gold Medal of National Rose Society. Very large, long, pointed carmine-pink buds, with beautiful two toned fragrant pink flowers when fully open. One of the best pinks and an abundant bloomer. See illustration No. 11.

OPHELIA—A magnificent flower and an abundant bloomer all season. Salmon-flesh in cool weather; creamy-white in hot weather.

Collection" (Continued)

PADRE—An English introduction; given a Gold Medal by the National Rose Society. Very free blooming and magnificent garden effect. Bright coppery-scarlet, flushed yellow. Semi-double. Exquisitely fragrant.

PRESIDENT HERBERT HOOVER—See illustration No. 14. Greatly honored by being placed in Class Two of newer Roses in 1933 American Rose Annual. Fragrant and free flowering. Winner of Gold Medal, New Jersey 1929; Silver Medal, Centennial Exhibition, Boston, 1929; Gold Medal International Flower Show, New York City, 1929.

RADIANCE—This Rose, also the Red Radiance, should be in every garden. They are tops in color, form, profusion of blooms, hardiness and every other desirable quality. Radiance is salmon-pink to silvery-pink. Always in bloom. Awarded a Silver Medal by the American Rose Society. Exquisitely fragrant.

RED RADIANCE—Identical with Radiance in every respect, excepting color, which is a clear even shade of red.

REV. F. PAGE-ROBERTS—See color illustration No. 12. One of the most beautiful of all Roses and one of the 12 best. Perfect in bud and flower. Fragrant.

ROSLYN—Long pointed deep orange buds, opening to a large fragrant golden yellow flower with orange back to outer petals. Vigorous free bloomer.

SENSATION—Very large fragrant flower, 5 inches and over; scarlet-crimson with maroon markings. Profuse bloomer.

SOUV. DE CLAUDIUS PERNET—Winner of four Gold Medals, in Paris, Bagatelle, Antwerp, and the United States. Very large, full double, perfectly formed, delightfully fragrant pure sunflower yellow. Color illustration No. 2 does not begin to show its great beauty, as it is one of the most magnificent of all Roses.

SUNBURST—A French introduction; awarded the Gold Medal of the National Rose Society. Cadmium yellow, verging into a deep saffron center. Delightfully fragrant. Free flowering.

TALISMAN—See illustration No. 4. Superb for cutting and for the garden. Always in bloom if given a sunny location and rich soil. Class One in American Rose Annual. Extremely fragrant.

THOMAS A. EDISON—A huge fully double, fragrant Rose in two shades of pink; soft pink on the outside of the petal, and deeper sparkling pure pink on the inside. The hotter the weather the better the flowers.

WHITE ENSIGN—Very double, well formed fragrant, pure white flower with a cream flush at the base, with a pronounced Tea Rose fragrance. One of the best of all white Roses. Very free flowering.

WILLOWMERE—See illustration No. 13. One of the 12 Hybrid Tea "Favorite Roses" selected by experts in the 1929 American Rose Annual.

"GOLD MEDAL" ROSE COLLECTION

1 EACH OF THE FOREGOING 50 CHOICE VARIETIES, INCLUDING THE 17 VARIETIES ILLUSTRATED IN COLOR—\$22.50. ALL STRONG, NUMBER ONE TOP SIZE "CREAM QUALITY" 2 YEAR OLD PLANTS

Enjoy 12 Months of

Siberian
Iris
Coll. No. 6

Collection No. 1—RETICULATA IRIS The First Flowers of Springtime

Blossoms in March in our Northern States, Right Through Snow and Ice. (A month earlier in the South.) A rare prize for the Rock Garden, or any other spot where a mass of early flowers is wanted. Color, rich royal purple, with lovely golden veining at the throat. Violet scented. Rugged and easily grown. Free flowering, on 12 inch stalks. Four-sided, square, grass-like foliage. Hardy anywhere. I know of a clump that has flowered undisturbed for 50 years in a New England garden. A dozen or more bulbs should be planted together, about two inches apart.

12 Rare Reticulata Iris for \$2.00

Tall
Bearded
Iris
Coll. No. 5

Why be satisfied with a few weeks of Iris Bloom, when you can enjoy these beautiful "Daughters of the Rainbow" from spring until frost and then on through the winter. I have arranged the following 12 collections in the order in which they bloom, for a complete succession of flowers throughout the year. You may order the entire 12 collections, or only such groups as you may need to complete a full season of Iris Bloom in your own garden.

Each collection contains the very cream of a definite Iris Group, personally selected by me to cover the widest possible color range. EVERY PLANT WILL BE CAREFULLY LABELLED and all will be strong, healthy, flowering size plants. You will be pleased with these carefully planned collections. POSTPAID ANYWHERE IN THE U. S. CULTURAL DIRECTIONS ACCOMPANY ALL SHIPMENTS.

Collection No. 2—LOVELY MINIATURE IRIS FOR THE ROCK GARDEN

Also Useful for Edging Small Beds and Borders, etc.

These Miniature jewels follow the Crocus and Iris Reticulata in bloom during the early spring. They are prodigious bloomers and have all of the characteristics of the Tall Bearded Iris, but on a smaller scale. In height these little gems range from 6 to 10 inches. This collection will contain 15 plants in at least six choice varieties, carefully selected to cover the color range, including a lovely rich wine shade, an exquisite soft sky blue, a glistening snow white, a rich golden yellow, a deep velvety purple, etc. A treasure collection for the rock garden, or for planting in front of the taller Irises, or for the front of the perennial border. Hardy anywhere. All labelled.

15 Lovely Miniature Rock Garden Gems, in at least 6
Choice Varieties for only \$2.00

Collection No. 3—POGOCYCLUS HYBRIDS

This race contains many of the most handsome Iris in the world and this collection contains only the finest of them; including Wm. Mohr, the very best and highest rated of all. Only a few years ago Wm. Mohr sold for \$25.00 for a single plant. The Pogocyclius Hybrids follow the Miniatures in bloom, flowering throughout May in our Northern states (a month earlier in the South) and continue until the next group comes into flower. These Pogocyclius Hybrids are very rare and are as different from all other Irises as though they belonged to another planet; even the varieties themselves differing greatly from each other. All are hardy anywhere and as beautiful as the finest orchids. All labelled.

8 Magnificent Pogocyclius Hybrid Iris, All Different, In-
cluding Wm. Mohr \$2.00

Collection No. 4—EARLY-FLOWERING IRIS ARISTOCRATS

English, French and American Hybridizers have helped to prolong the Iris season by producing this Early Flowering race of Tall Bearded Iris Aristocrats. They are easy to grow and hardy anywhere. They follow the Pogocyclius Hybrids in bloom and will come into full flower in your garden while your neighbors are still looking for buds on their Iris. Each variety is a Masterpiece; one was introduced recently at \$40.00 a plant; another sold recently at \$25.00 for a single plant. Each one is a different color. One of them is the deepest colored Iris grown, so intense that it seems to be dripping with color; and so velvety that the entire flower seems to be cut out of the finest plush. They are all large and handsome.

12 Early-Flowering Iris Aristocrats, No Two Alike, Each
Separately Labelled \$2.00

Beautiful Iris Bloom

Collection No. 5—SURPRISE COLLECTION OF MAGNIFICENT TALL BEARDED IRIS

These follow the Early Aristocrats in bloom, and are the best known of all the Iris Groups. A real surprise awaits you in this collection. It contains some of the world's highest rated varieties, winners on the show benches and in the garden. ONE IS A WINNER OF THREE MEDALS, the only Iris so honored. There is a lovely bronze blend, an exquisite orchid pink, a brilliant fiery red, a gigantic fragrant lavender, and other equally striking and unusual varieties. You will be amazed at the marvelous beauty of some of these latest creations of the Iris world. Hardy anywhere. All labelled.

15 Magnificent Beauties, All Different \$2.00

Collection No. 6—THE WORLD'S FINEST SIBERIAN IRIS

This is the finest set of Siberian Iris obtainable anywhere in the world at any price. I will include in this collection several varieties that sold recently for \$5.00 and \$10.00 for a single plant. Many eminent authorities consider the Siberian Iris the finest of the Iris family. They are prodigious bloomers and make excellent cut flowers. A single plant will soon form an established clump that will produce 50 or more flower stalks. In form they differ from all other Iris. Devote a spot in your garden to these lovely Siberian Iris; they will fill it with beauty. They are the easiest of all Iris to grow and may be planted anywhere in the garden, either in full sun or semi-shade.

12 Superb Siberian Iris, All Different, Properly Labelled for \$2.00

Collection No. 7—CRESTED IRIS

This group is distinguished by a prominent crest, similar to a cock's comb, which extends down the centre of the falls. The crest is composed of the same material as the balance of the petals and is sometimes beautifully frilled and one of the attractions of this group. This collection will include Tectorum, the famous blue "Roof Iris" of China and Japan; Cristata, a lovely, fragrant, amethyst-blue Miniature for a semi-shady pocket in the rock garden, or any other semi-shady position in the garden; Cristata Alba, a white form; and Grocilipes, a lovely pinkish-lavender Japanese Miniature.

4 Crested Iris, All Different, All Labelled \$1.75

Collection No. 8—BEARDLESS IRIS SPECIES AND HYBRIDS Rare and Graceful Flowers for Cutting and Landscaping

For continuation of the Iris Flowering Season, nothing is more important than these marvelous and little known Beardless Iris Species and Hybrids; for they fill in the gap in the flowering season between the Tall Bearded Iris and the Japanese Iris.

The flowers are ideal for cutting, being interesting in form, vivid in coloring and permitting of graceful arrangement. They are not only different from all other Iris, but each variety has an individual distinction all its own. This collection includes a burnished metallic copper color, a rich Royal Purple, a lovely soft blue, a deep yellow, a fine red, a lovely white and gold, and others equally distinctive. This collection will also include the famous newly discovered Louisiana Species, Gigonticoeruleo, which just three years ago sold at \$5.00 for a single plant. All labelled.

10 Magnificent Beauties, All Different \$2.50

Collection No. 9—SUMMER-BLOOMING JAPANESE IRIS

These gorgeous beauties follow the Beardless Species and Hybrids in bloom. They are the showiest of all Iris and produce a marvelous color effect just when flowers are scarce. Many will produce flowers as large as a dinner plate. This collection will be personally selected by me and planned so as to give you a complete color range. There will be giant singles and doubles; mottled, striped and blended effects; soft pastel colors and gorgeously brilliant ones. None of your favorites will be omitted. They are prodigious bloomers and hardy anywhere.

8 Gorgeous Japanese Iris, Marvels of the Iris Family, All Different, All Labelled \$2.00

Collection No. 10—IRIS DICHOTOMA (Rare Chinese Species)

This is one of the rarest and most interesting of all Iris. Blossoms for a full four weeks during midsummer; an established plant will produce hundreds of lovely soft bluish-violet flowers in a single season. Height 30 to 36 in.

IRIS DICHOTOMA, 3 for \$2.00

Collection No. 11—AUTUMN-FLOWERING IRIS

A few years ago there were no Autumn-Flowering Iris. This new race is one of the recent triumphs of the hybridizer's skill. They blossom twice a year, once in the spring and again quite profusely in the fall, from Sept. until frost. In this collection I will include eight different varieties, including a rich blue, a fine yellow, a snow white, a bright purple, and four others. You may now have a garden full of Irises in the FALL, as well as other seasons.

8 Varieties, One Each, Labelled, for \$2.00

Collection No. 12—WINTER-FLOWERING IRIS

This interesting Species, Unguicularis (also called Styloso) is from Algeria, Asia Minor and Northern Syria. Flowers all winter long in the open in the Southern States; or in the protection of a cold frame in the North. Easy to grow. Color is a lovely blue.

4 Winter-Blooming Iris for \$2.00

The Cream of the World's Best Decorative Dahlias

Jersey's
Beauty

Mrs. H. W. U. of Baltimore writes me: "It may be of interest to you to know that our little garden received first prize last year in our City Wide Garden Contest. I feel that you have, in a measure, helped to accomplish this by the hardy, healthy plants you send me." This is one of many similar testimonials which I am constantly receiving, testifying to the superior quality of plants I send out. Wayman plants and bulbs are constantly winning prizes in flower shows and in city wide garden contests, but none will attract more attention, on the show bench or in the garden, than this magnificent collection of Decorative Dahlias. All are of exquisite beauty. Many will produce flowers from ten inches to a foot across. Single tubers of several of these varieties recently sold for about the price of the entire collection. Each is the finest of its class.

HATHOR—A perfect Dahlia, impossible to describe, excepting to state that all the Autumn colors are blended in each flower. A superb cut flower. **50c**

JACK ROSE—Brilliant crimson; the color of the Rose after which it is named. Free flowering. **25c**

JANE COWL—Monster flowers of glistening bronzy-buff and old-gold, deeper towards the center. Reverse of petals pale flesh. A magnificent variety that has won prizes everywhere. No Dahlia has ever surpassed Jane Cowl. **35c.**

JEAN KERR—A fine white variety much used by florists. An excellent cut flower and magnificent in the garden. **25c.**

JERSEY'S BEACON—One of the finest of all Dahlias. Of gigantic size and unusual Chinese Scarlet coloring. Sometimes nearly a foot across. **25c.**

JERSEY'S BEAUTY (See color illustration)—The most popular of the decorative Dahlias. Magnificent in the garden and a great favorite of the florists for cut flowers. **25c.**

KENTUCKY—A magnificent sport of Jersey's Beauty, with flowers of salmon-pink, shading to orange. Extra fine. **35c.**

KISS ME—A sensational new red and white bi-color, with vivid red flowers, tipped snow white. A magnificent cut flower variety. **50c.**

MILLIONAIRE—A flower of mammoth size and perfect form. The color is a dainty lavender, with a pink sheen overcast with a white center. **25c.**

MRS. I. D. VER WARNER—A deep cattleya-orchid color. A fine exhibition variety and excellent in the garden. **25c.**

MYRA VALENTINE—The best golden-bronze and a most unusual and handsome variety. **25c.**

ROSE FALLON—A magnificent amber, russet, salmon and bronze blend. Winner of Darnell Cup in 1930. **50c.**

SAGAMORE—Deep golden-amber, elusively shaded salmon-rose and orange-buff. One of the best cut flower varieties produced to date. **25c.**

WHITE KING—The world's finest and largest white. Gigantic flowers on strong straight stems. Superb as a show Dahlia. **50c.**

BEAUTY SUPREME—This new variety is identical with Jersey's Beauty illustrated on this page, excepting for color, which is an enchanting bluish-lavender. **35c.**

BLUE LADY—A lovely blue-toned variety, with no pink shading. You will enjoy this variety. **35c.**

CLEMENTINA WING—The best red cut flower variety in the world. Bright crimson on long strong stems. **35c.**

DOROTHY STONE—A magnificent large brilliant pink variety that sold in 1932 for \$5.00 for a single root. Now **35c.**

ELLINOR VANDERVEER—An incomparable Dahlia of exquisite beauty and immense size. Color glowing lavender-pink. **25c.**

EL TOREADOR—An outstanding brilliant red variety. Very large flowers. A great cut flower variety. Lasts a long time when cut. **25c.**

FAITH GARIBALDI—A gigantic deep rose colored flower of heavy substance and perfect formation. Hard to beat. **35c.**

FRANCIS LAROCCO—One of the finest. Clear crystalline yellow. Always loaded with flowers. **25c.**

"WONDERLAND" DAHLIA COLLECTION

8 Giant, Showy, Decorative Dahlias, My Selection, Labelled, From the Foregoing List, for Only \$2.00.

I guarantee that you will receive much more than your money's worth, and will be well pleased. Each collection will contain some of the very choicest varieties. Each variety will be distinctive, no two alike.

"WORLD'S BEST" DECORATIVE DAHLIA COLLECTION

I will furnish One of Each of the Foregoing 22 Magnificent VARIETIES of Decorative Dahlias, Strong Tubers, all carefully Labelled.

(value \$7.20) for \$5.00

3 each, (value \$21.60) for 12.50

"Tom Thumb" Pompon Dahlia Collection

This collection consists of 10 lovely little Pompon or Baby Dahlias. These are delightful miniatures, two inches or less in diameter, yet perfect in formation. The quilled petals are set close and the flowers are well rounded.

The Pompons are especially liked for cutting. Their modest size and exquisite daintiness make them especially suitable for table decoration.

The colors are lilac, scarlet, yellow, white, pink, purple, crimson, lavender, orange, etc., in solid colors, striped and blended effects. Each collection will be made up to give you a nice color assortment, no two alike, and will contain only the choicest varieties of Pompons in the world, as I sell nothing but the latest and best. I have a magnificent group of Pompons this year, the finest I have ever offered. I wish I could describe the dazzling array of beauties that will go into this collection, but space will not permit. All will be carefully labelled.

10 LOVELY TOM THUMB POM- \$2.00
PONS, STRONG TUBERS, FOR

Delivered Anywhere in the U. S.,
Charges Prepaid

"Desert Glory" Cactus Dahlia Collection

The Cactus Dahlias are a distinct type, having a great many very narrow petals. In some varieties the petals are straight, in others twisted, and in still others incurved or recurved. They are among the most attractive and artistic of all Dahlias and this collection will contain some of the very finest of them. Some of the flowers will measure ten inches across.

For added interest, and variety, I will include one or more hybrid cactus types, sometimes called Informal Decoratives. They have flat petals, slightly twisted at the tips and are interesting for their great beauty of color and form.

This collection is absolutely essential to a well-rounded Dahlia display. It will give variety and interest in your Dahlia planting, and they are excellent as cut flowers. The colors range through salmon, pink, primrose yellow, pale lemon, old rose and gold, deep maroon, lavender, crimson, purple, and other beautiful tones. I guarantee a good range of colors in every collection.

All the varieties in this collection will be unusually handsome and distinctive. All will be carefully labelled, no two alike.

HYBRID CACTUS DAHLIAS FOR

Delivered Anywhere in the U. S., Charges Prepaid

Giant Flowered Cannas

PLANT YOUR CANNAS EARLY FOR BEST RESULTS

One of the most striking attractions of my Exhibition Gardens this past Summer was a bed of the pink Cannas illustrated on this page. Everyone who saw them enthused about them and marvelled at their great beauty, luscious color, huge size of blossoms and freedom of flowering. Any of these modern varieties will be equally attractive and it is just a matter of selecting the color you like. But you should order and plant them early in order to enjoy the full benefit of their great beauty.

The quantity of flowers produced is amazing, each plant continuing to send up one flowering stock after another right through Summer and Fall until the tops are killed by frost. Then they should be dug and stored for the Winter like Gladiolus. Read the brief descriptions below, and place your order early.

20c Each for Any Variety in the Following Group: Any 6 for \$1.00, Either in One Variety or More, Your Selection; or I Will Make a Nice Selection for You if You Wish.

LOUISIANA—Orchid flowering type, with large trusses of vivid scarlet. Height 5 ft.

ORANGE BEDDER—A particularly valuable bedding variety. Dazzling bright orange color, with just enough scarlet suffusion to intensify the mass of color.

PANAMA—Large flowers of rich orange-red, with a bright golden yellow border. 3½ ft.

RICHARD WALLACE—Clear soft canary-yellow, with green foliage. Very free flowering. 4½ ft.

SAN DIEGO—A most unusual and exceptionally beautiful variety, with red foliage and Persian yellow flowers, having beautifully creped petals. 4 ft.

THE PRESIDENT—A gorgeous variety with immense trusses of bright red flowers the individual florets of which measure more than six inches across. Very profuse bloomer. One of the best. 4 ft.

WINTZER'S COLOSSAL—Gigantic flowers that will more than cover a man's hat. A magnificent brilliant scarlet variety. 5 ft.

ALSACE—Pale Sulphur changing to cream. 4 ft.

CITY OF PORTLAND—The exquisite pink color of the La France Rose, with green foliage. 3 ft.

KING HUMBERT—Immense heads of coppery-scarlet flowers with bronze foliage. 5 ft.

KING MIDAS—The finest brilliant pure golden yellow Canna originated to date. A real aristocrat. Height 5 ft.

YELLOW KING HUMBERT—Massive flowers of golden yellow, beautifully spotted red. Tropical green foliage. Handsome. Height 4 ft.

Korean Chrysanthemums

This new race of Single Chrysanthemums is one of the most useful and attractive recent additions to the horticultural world. Nothing is more showy in the Fall garden, or more useful as cut flowers. They are especially suited to very cold climates on account of their extreme hardiness, and contain many new and delightful shades. Each plant produces great armsful of flowers. See color illustration on back cover.

Any of the Following Varieties 50c each;
3 for \$1.25; 6 for \$2.25; 12 for \$4.00

APOLLO—Produces a great profusion of flowers, with a triple row of petals in a salmon-red and yellow blend.

CERES—Very lovely soft chamois, with deep yellow center. Great masses of flowers.

COUNTRY GIRL—A plant of this variety forms a gigantic bush 4 to 5 feet high and should be planted in a spot to accommodate it. It produces armsful of large flowers, in a lovely blend of soft pink and soft lilac.

DAPHNE—Exquisite Daphne pink, with prominent golden yellow center. Prodigious bloomer.

DIANA—An exquisite blending of rose-pink, lilac-rose and soft salmon in delightful harmony.

MARS—Strikingly beautiful amaranth-red to vivid scarlet flowers in greatest profusion.

MERCURY—One of the best liked. Large soft rose flowers. The first to bloom.

PROFUSION—An extremely fragrant early flowering variety in a rich coppery old-gold color.

VULCAN—A delightfully fragrant garnet-crimson, changing with age to bronze-crimson.

"CHAMPION" COLLECTION OF KOREAN CHRYSANTHEMUMS

1 each of the above 9 fine varieties	\$3.00
3 of each—total 27 plants	7.50

Hardy Double Chrysanthemums

This very fine group of flowers is indispensable in the garden due to their brilliant blossoms coming in late Autumn, when other plants have finished flowering. The varieties listed below include the newest and finest introductions to date. They far surpass the older types in size, form, profusion of bloom, and magnificence of colors, and are unsurpassed as cut flowers. As a result of recent breeding, the flowering season has now been advanced fully a month, thus doubling the flowering period by extending it from September until Frost. This collection includes the widest range of color and longest flowering period in the large flowered hardy Chrysanthemums.

Any of the following varieties 50c each;
3 for \$1.25; 6 for \$2.25; 12 for \$4.00

BARBARA CUMMING—Very lovely, free flowering and attractive double medium yellow.

COSMOS—A brilliant flower of dark vivid purplish carmine. No other in this color. Early.

FRANCES WHITTLESSEY—Rich bronze and garnet; lovely Autumn colors. A most attractive variety.

GRANNY SCOVILLE—Huge flowers of clear glowing coral bronze.

GYPSY GIRL—A magnificent variety of crimson-chestnut coloring.

HARVEST HOME—Midseason variety literally covered with large golden yellow flowers.

INDIAN SUMMER—Large flowers of Indian-red, overlaid buff orange.

JEAN CUMMING—Very large flowers of purest snow-white, One of the Best.

LOUISA SCHLING—An unusually free flowering new early variety, with flowers of glowing salmon-red.

OCTOBER GIRL—A new early variety, producing clear rose pink flowers, which become flushed with lavender as the flower ages.

OPAL—A most unusual shade in an early flowering variety, the color being an opalescent coppery rose, changing to soft salmon pink.

PETITE LOUISE—Large, shaggy, soft pink flowers completely cover the plant.

R. MARION HATTON—One of the earliest, and in a most attractive bright canary yellow color.

RUTH CUMMING—Rich reddish-bronze shaded terra cotta. Never fails to attract attention.

VIVID—American Beauty Rose color. A beautiful variety that is aptly named.

The Newest and Best in

This magnificent offering of Daylilies contains many new varieties which I am now offering for the first time. There are tall ones, shoulder high, for the center or back of the border, those of medium height for nearby, and dainty small flowered, low growing ones for the rock garden or small beds. Many new and unique colors are now listed. In the whole horticultural world nothing is more showy in the garden than these modern Hemerocallis or Daylilies, and few plants can match them for vigor and hardiness. Once planted they will take care of themselves and grow more beautiful each year, often producing 500 or more flowers to a single plant in a season. By judicious selection of varieties one may now have these beauties in the garden all Summer long from May until frost. Many are exquisitely fragrant. All may be planted either in full sun or partial shade, as they are not particular as to sun, soil or location. I am sure that many of my friends will be glad of this opportunity to procure some of these New, Rare, and Unusual Hardy Hybrid Daylilies.

AMARYLLIS—46 in. Large handsome golden-orange flowers, six inches across. July, August. \$1.00.

ANNA BETSCHER—36 in. Rich golden yellow flowers in great profusion. \$1.25.

APRICOT—24 in. Fragrant, early flowering, soft apricot flowers of fine form. 75c.

AUREOLE—36 in. A rich orange yellow hybrid from Japan. Given an Award of Merit by the Royal Horticultural Society of England. Very floriferous. June flowering. 50c.

BAGDAD—42 in. One of Dr. Stout's newest creations just being introduced. A gay combination of several colors, orange red, yellow, and madder brown. June, July. \$5.00.

BAY STATE—42 in. Fine, large, very deep yellow flowers during July and August. \$1.00.

BIJOU—25 in. Another new introduction of Dr. Stout. A small flowered multiflora type Daylily especially suited to the rock garden. Orange, overcast red. July. \$5.00.

BYNG OF VIMY—4 ft. A new English introduction and one of the most striking of all Hemerocallis. Flowers 7 in. across, of dark terracotta, overlaid bronze. July, August, September. \$12.00.

CALYPSO—3 ft. A Burbank introduction. A night-blooming variety which remains open during daylight on cool days. Color clear lemon yellow. July, August. 75c.

CHRYSOLOGA—A new English importation. A lovely star-shaped flower of sulphur-apricot. July, August. \$2.50.

CINNABAR—3 ft. A delicate and unusual shade of brownish-red, with flowers 5 in. across and as many as 15 to a stalk. July, August. \$2.50.

CITRINA—50 in. A very sweet scented delightful soft yellow. July, August. 50c.

CRESSIDA—36 in. A beautiful and unusual flower of deep orange, with a reddish band on each petal. July. \$1.25.

CROWN OF GOLD—3 ft. A very lovely clear pure deep orange. May and June. \$4.00.

DAUNTLESS—30 in. Another new introduction of Dr. Stout. Subdued and delicately blended soft yellow and orange pastel shades. July, August. \$5.00.

DAWN—38 in. It is just about impossible to describe this unusual new English introduction, for it is such an unusual color that it is difficult to check it even with the official color standards. Perhaps the originator's color description as "rose-buff" is as good as any. I would call it a uniform coppery-pink self, with canary yellow throat. Flower over 5 inches across. July, August. \$3.75.

DR. REGEL—2 ft. A magnificent semi-dwarf variety of rich orange-yellow. Very fragrant. May. 50c.

DONALD WYMAN—44 in. One of our largest and finest Daylilies, the individual flowers measuring fully 6 inches across and the plant being loaded with blooms. The color is deep, rich golden yellow, with a brick red spot on each petal. July, August. \$1.50.

DUMORTIERI—18 in. A lovely Miniature variety for the rock garden. Dainty rich cadmium-yellow. May, June. 50c.

E. A. BOWLES—54 in. A gigantic flower 7 inches across. One of the largest and best. Deep yellow, with reddish-orange shadings and a central line of soft yellow down the center of each petal. Slightly recurved, ruffled petals. July, August. \$5.00.

ESTMERE—30 in. An English introduction with the inside of petals a charming apricot tone and the outside orange-brown. May, June. \$1.25.

FLAMID—32 in. Brilliant deep yellow, with a bronze reverse. June. \$1.00.

FLAVINA—36 in. This is one of the most delightful Daylilies I have, the color being an exquisite uniform soft yellow, and the form perfect. June, July. \$2.50.

FLORHAM—3 ft. A dainty flower of bright lemon yellow. May, June. 50c.

FORESTII—A very rare dwarf growing variety from Thibet. Medium sized rich yellow flowers. \$5.00.

FULVA—3 ft. Large open flowers of a striking shade of orange-red. July. 25c.

GEORGE YELD—3 ft. A magnificent Daylily—one of the very best. Large open flowers, 6 inches across with wide petals of canary yellow, brushed red, this color intensifying towards the throat, where it becomes deep red, then suddenly terminates, with a deep clear yellow star at the throat. Three narrow alternating strap-like petals of butter yellow, slightly flushed orange. Unique and striking. July, August. \$5.00.

GIANT ORANGE—Huge deep orange flowers, covered with a gold dust sheen. Flowers of heavy substance and very wide petals. \$5.00.

GLADYS PERRY—36 in. A pinkish tone, which the originator terms rose-bronze, with a narrow clear yellow stripe down the center of each petal. July. \$2.50.

GLORIANA—4 ft. Always attracts attention on account of its rich clear pure deep yellow, without a trace of any other color. June, July. \$2.50.

GOLD DUST—24 in. Fine deep orange. May, June. 50c.

GOLDENI—38 in. Very beautiful rich deep orange. July. \$1.00.

GOLD IMPERIAL—Superb, large ruffled flowers of glowing deep, clear, uniform canary yellow. June, July, August. \$5.00.

GRACILIS—18 in. A dainty Miniature, with lemon yellow flowers. Excellent for the rock garden. May, June. 50c.

GYPSY—54 in. Very deep orange flowers with slight red shadings, borne in greatest profusion. Excellent. July, August. \$1.25.

HARVEST MOON—3 ft. Slender, graceful flowers of clear orange-sherbet. July. \$1.50.

HYPERION—44 in. This is the largest and one of the finest Daylilies I have seen. The gigantic flowers, measuring seven inches across are of pale lemon yellow and of most artistic form. Exquisitely fragrant. Given an Award of Merit by the Royal Horticultural Society of England. July, August. \$3.75.

IMPERATOR—40 in. A beautiful English Hybrid, with large, open, star-shaped flowers, 5 to 6 inches across. Pointed segments, rich orange red, with a clear, bright yellow star-shaped throat, this bright clear yellow color continuing in the form of a narrow stripe through the center of each petal to the tip. July, August. \$3.50.

IRIS PERRY—3 ft. Large open flowers of a distinct shade of bronzy orange, borne in greatest profusion from July until September. \$2.00.

J. A. CRAWFORD—4 ft. One of the best deep apricot colored varieties. Flowers constantly from June to August. \$1.25.

J. R. MANN—42 in. One of the most handsome of all the Daylily Hybrids. Color buff and yellow, frosted. June, July, August. \$1.00.

KWANSO FLORE PLENO—50 in. Tall growing DOUBLE variety with a profusion of rich yellow flowers overlaid bronzy red. July, August. 50c.

LADY FERMOY HESKETH—4 ft. Huge flowers 5 to 6 inches across. Color a beautiful rich clear canary yellow, uniform throughout, with a frosted sheen covering the entire flower. Given an Award of Merit by the Royal Horticultural Society. July. \$5.00.

LEMONA—54 in. Very soft lemon yellow flowers during July and early August. Large flowers, somewhat recurved. \$1.00.

LEMON KING—42 in. Lovely uniform soft yellow flowers with recurved, somewhat twisted petals and heavy wax-like texture. One of the best. July. 75c.

MARCUS—4 ft. Large, open, Amaryllis-shaped flowers of deep yellow, with a faint bronzy-red overlay. There is also a faint olive shading to the sides of the petals and the flower is fluted and somewhat crimped at the edges. Altogether quite unusual and lovely. July. \$3.75.

MARGARET PERRY—50 in. The forerunner of a new race of Hybrids. Carnelian red flowers with a bright yellow star at the throat, which continues out to the tip of each petal in the form of a conspicuous narrow yellow stripe. July to September. \$1.50.

MARY STOKER—42 in. This is one of the most beautiful of all Hybrid Daylilies. The three larger segments are brownish-red,

Hemerocallis (or Daylily)

with a prominent canary-yellow stripe down the center. The other three alternating segments are canary yellow, softly flushed brownish red. There is a clear canary-yellow triangular throat area. The flowers are of fine form and the colors are in perfect harmony. July, August. \$5.00.

MIDAS—40 in. A new introduction of Dr. Stout in a rich clear uniform glowing orange color, with as many as 15 flowers to a stalk. June, July. \$5.00.

MIDDENDORFII—18 in. A valuable low growing and early flowering species for the rock garden. Given an Award of Merit by the Royal Horticultural Society of England. Fragrant pure orange-yellow flowers in May and June. 50c.

MIKADO—3 ft. A handsome new fragrant, large flower of rich orange, with conspicuous deep mahogany-red throat. The outstanding charm of this remarkable Daylily is due to its bald color contrasts, and perfection of form. Flowers during June and July, and I have had it continue right through to October. See color illustration. \$2.50.

MINOR—15 in. A lovely Miniature for the rock garden or small bed, with pleasing primrose yellow flowers in June. 50c.

MODESTY—3 ft. Very lovely large, uniform soft yellow flowers during June and July. \$1.50.

MOLLERI—4 ft. An English introduction that produces great masses of large, perfectly formed rich glowing yellow flowers. Long flowering season. June, July, August. \$2.50.

MOONSTONE—42 in. Reddish-buff, deeper towards the throat, the color suddenly ending about an inch from the base of the petals, forming a triangle of pure yellow at the throat. Each petal has a narrow pure yellow stripe down the center to the tip. Outside of petals clear yellow. June, August. \$2.50.

MRS. A. H. AUSTIN—36 in. Very handsome. Soft yellow overlaid deep yellow. July, August. \$1.00.

MRS. W. H. WYMAN—42 in. A very lovely pure soft glistening yellow. July, August. \$1.00.

OPHIR—50 in. Deep golden yellow, trumpet shade flowers 5 inches across, borne 25 to 30 to a stem during July and August. An American introduction which has had the distinction of receiving an Award of Merit from the Royal Horticultural Society of England. \$1.50.

ORANGE KING—36 in. A striking brilliant orange colored variety. A prodigious bloomer and striking garden subject. July. \$1.00.

ORANGEMAN—18 in. An excellent dwarf variety for the rock garden, with dull red buds and clear orange flowers. Fine grassy foliage. A prodigious bloomer, a single well grown plant producing as many as 500 flowers in a season. May and early June. 50c.

PATRICIA—A 1935 introduction by Dr. Stout. A striking flower of uniform soft greenish-lemon-yellow coloring and unusual form open flowers, with recurved petals and a wonderful smoothness of texture. Looks like a huge Gladiolus. July. \$5.00.

PALE MOON—3 ft. Large, open flowers of uniform, very soft but bright yellow, without a mark of any kind. July. \$1.50.

QUEEN MARY—42 in. One of the finest of the early flowering varieties. Large flowers of deep glistening yellow with overlapping petals. June, July. \$3.00.

RADIANT—42 in. A very pretty shade of rich orange yellow borne in greatest profusion during July and August. Given an Award of Merit by the Royal Horticultural Society of England. July, August. \$2.50.

RAJAH—42 in. A 1935 introduction of Dr. Stout and the most brilliant of all the Hemerocallis, the color being flame scarlet with a vivid triangular throat area of Brazil-red. Large, finely shaped flowers. July, August. \$5.00.

SIR MICHAEL FOSTER—4 ft. Fine large ruffled very fragrant flowers of clear empire yellow, without a mark of any kind. One of the best. June, July. \$3.50.

SIR WILLIAM—3 ft. A magnificent variety. Color Morocco-red, with a one-eighth inch deep clear yellow stripe down the center of each petal in striking contrast. There are none finer. July, August. \$4.00.

Mikado

SONNY—36 in. A new introduction of Dr. Stout. A clear uniform soft yellow, with greenish throat and gracefully twisted petals, and a firm waxy texture. July, August. \$5.00.

SOUDAN—4 ft. Clear, smooth, bright but soft yellow, without a mark of any kind. Extra fine. Fragrant. One of the most popular varieties. June, July. \$4.00.

SOVEREIGN—30 in. Received an Award of Merit of the Royal Horticultural Society. Fine deep yellow. June. 50c.

SUNKIST—36 in. New deep soft rose, lightly flushed bronze, with a conspicuous soft yellow stripe down the center of each petal, giving an unusually attractive effect. July, August. \$2.50.

SUNNY WEST—4 ft. Immense pale canary yellow flowers of uniform color throughout. July to September. \$3.75.

THE GEM—40 in. Magnificent deep yellow, flowering during July and August. One of the best. \$1.00.

WAU BUN—36 in. An outstanding new soft yellow, sprinkled with traces of red. The twisted petals give it a unique and attractive appearance. One of the best of Dr. Stout's introductions. Usual flowering season—July and August, but has flowered for me through September, and October, and right up to frost. \$3.00.

WOODLOT GOLD—36 in. A new large crinkled flower of soft gold color. Said to be as large and as fine as Hyperion. Should flower for the first time in my garden this year. July, August. \$2.00.

"THE JEWEL" COLLECTION OF HARDY HYBRID DAYLILIES

From the foregoing group I will furnish 6 fine large plants, my selection, each \$3.00 different, all accurately labelled, value guaranteed to be at least \$5.00, for

Hardy Phlox

Indispensable for Masses of Color in the
Midsummer Garden . . . Many Marvelous
New Varieties and New Shades
Now Available

This choice collection of Phlox contains all of the newest and best varieties introduced to date both in this country and abroad. No worth-while variety is omitted unless its place is filled by something even better. The modern Phlox contain clearer and purer colors, larger flowers, in huge trusses, one of which will often make a bouquet, and blooming from June to October. All are rugged growers and free flowering and are moderately priced. You cannot afford to be without these newer Phlox in your garden, as they will produce masses of color when flowers would otherwise be scarce.

ALL VARIETIES EXCEPT WHERE OTHERWISE NOTED

50c each; 3 for \$1.00; 12 for \$3.00

All Orders Over \$2.00 Postpaid Anywhere in the United States. On Orders Amounting to Less Than \$2.00, Please Add 20c to Cover Postage and Packing

Widar

AEGIR—Very fine. Brilliant scarlet.

ALBERT LEO SCHLAGETER—There is no other Phlox to approach this magnificent variety in beauty, brilliance, purity of color and length of flowering season. The color is a true, American Beauty Rose Red, with a deeper red eye and with no other color or tone to mar it. The individual florets are large and the trusses are immense, and so profusely produced as to entirely hide the plant. Unquestionably the best red by all odds, producing a vivid spot in the garden that attracts attention from all directions. **Flowers from June until killed by frost.** Extra strong two year old plants 50c each; 3 for \$1.25; 12 for \$4.00.

ANTON MERCIER—A lovely soft lilac, fading to white in warm weather, but retaining its lovely lilac tone during the cool months of late Summer.

B. COMTE—Very rich velvety deep purple. Generally considered the best purple. An intensely vivid, brilliant color.

BEACON—Brilliant cherry red. One of the best.

BORDER QUEEN—A low growing variety, with enormous trusses of large pure pink flowers. Very beautiful and rare.

BRIDESMAID—A very lovely white, with deep crimson-carmine eye. Late flowering.

CAROLINE VANDENBURG—A dual personality. During June and July it will rate "tops" as a "true purple" by the color chart. Later, when the weather is cool (or in warm weather if cut and taken indoors), it changes entirely and then becomes an attractive lavender shade. Large and very attractive flowers in both stages.

COLUMBIA, Plant Patent No. 118—See color illustration. The finest pink Phlox ever grown. Each plant quickly produces many flowering stalks, literally covered with masses of beautiful cameo pink flowers, with a soft blue eye. Continuously in bloom from June until killed by frost. 50c each; 3 for \$1.25; 12 for \$4.00; 100 for \$30.00.

Phlox — COLUMBIA

The Newest and Best

CREPESCULE—White to silvery-mauve with large vivid violet eye.

DAILY SKETCH—One of the finest of the new introductions. Very large individual florets and tremendous flower heads of a lovely shade of pink, with a deep crimson center. Height 32 inches. A striking variety that attracts attention from all parts of the garden. **50c each; 3 for \$1.25; 12 for \$4.00.**

E. I. FARRINGTON—One of the finest new salmon shades, with a lighter eye.

ELIZABETH CAMPBELL—One of the best known and most admired of all Phlox. Soft salmon-pink with lighter tone towards the center. Considered best in its class.

ENCHANTRESS—My own choice of all the deep bright pinks, being somewhat similar to Columbia, but more colorful and different and a deep colored eye. The color is deep water-melon pink, with a vivid red eye, which is surrounded by a light sunburst. Very large flowers.

F. G. VON LASSBURG—One of the finest whites. Large trusses of pure snow-white.

FIREBRAND—One of the most brilliant Phlox known, being a new brilliant scarlet to vermillion.

GEN'L VON HUERTZ—An extra fine variety of salmon-red, flushed rose.

GEORGE STIPP—A new variety with very large individual blooms and clusters of glowing salmon.

HAUPTMANN KOEHL—Large, compact trusses of deep rich ox-blood red. A magnificent variety.

INNOCENCE—Late blooming. Large flowers of pure glistening snow-white. Very tall, 42 inches.

LASOLIEL—A very lovely soft rose, with a prominent white eye.

LOTHAIR—You will like this very lovely vivid crimson variety.

MME. F. CARPENTER—A fine low growing early pure white.

MISS LINGARD—A very early flowering variety. Color pure white with a pink eye. The best early white and a profuse bloomer, producing two or three crops of flowers.

MORGENROOD — A very distinct novelty, with large clusters of bright rose flowers, with a deeper eye.

MRS. CHARLES DORR—A most unusual and very delightful shade of soft lavender-pink, the flowers being produced in great profusion. No other Phlox like it.

MRS. FRYER—Large midseason pure snow-white. One of the best.

MRS. WILLIAM JENKINS—A very profuse blooming and delightful late flowering snow-white variety.

PAINTED LADY—This is one of the most attractive Phlox I have seen, with large flower heads of very soft pink, with a brilliant Tyrian-Rose eye in striking contrast.

PANTHEON—A very lovely rose-pink.

PECHEUR D'ISLAND—One of the rarest of all tones in Phlox, an exquisite shade of lavender.

Albert Leo Schlageter

P. D. WILLIAMS—A new novelty with enormous flowers in great trusses of soft apple-blossom-pink with deeper center. Flowers constantly all Summer and Fall. One of the best of the new introductions. **50c each; 3 for \$1.25; 12 for \$4.00.**

RHEINLANDER—Immense trusses of coral-pink, with claret red eye. Very fine.

RICHARD WALLACE—Very tall, 42 inches. White, with a deep red eye. A very profuse bloomer and a magnificent variety.

RIVERTONS JEWELL—A delightful mauve-rose, with carmine eye.

RIJNSTROOM—A strong growing, free blooming variety with flowers the color of the pink Paul Neyron Rose.

SIR EDWIN LANDSEER—A very fine light-crimson toned variety.

SUNSET—A magnificent deep pink, with large florets.

SUNSHINE—A deeper, brighter salmon pink and a larger flower than Columbia, with a red eye.

THOR—An ever-popular pink, overlaid with a scarlet glow and a small analine-red eye.

TIGRESS—A new variety being introduced for the first time and the outstanding novelty of the year. Immense trusses of brilliant orange-scarlet, with an unusually long flowering season. **50c each; 3 for \$1.25.**

WIDAR—This very lovely lavender Phlox, illustrated in color, is one of our most beautiful and unusual varieties.

WINEDOT—A magnificent white, with a prominent eye of Chinese Violet. Perhaps the best of this type.

Gems for the Rock Garden and for Small Beds and Margin Planting

I present here a small but select list of Hardy plants especially suited to the small rock garden, or for small beds, for edging purposes, or for planting along walks or paths. In fact, for any location where low growing plants are desirable. Once planted they will take care of themselves, reappearing with a greater profusion of flowers each successive season. For a permanent planting, try the group listed on this page.

All Orders of \$2.00 or Over Postpaid Anywhere in the U. S.; on Smaller Orders Add 20c for Postage and Packing

Aquilegia

AQUILEGIA (Columbine)—15 to 18 in. Every gardener loves the dainty Columbines. The long-spurred Hybrids I am offering are a great improvement over the older varieties. There is a wide range of delicate soft colors and rich pastel shades. Large, healthy 2-year field-grown plants. 3 for 75c; 6 for \$1.25; 12 for \$2.00.

HARDY CARNATIONS IMPROVED CRIMSON KING—This is by far the finest of all Hardy

Carnations, flowering perpetually throughout the entire Spring, Summer, and Fall. The color is a dazzling crimson and the stems are long enough to make it suitable for cut flowers as well as an excellent garden subject. 3 for \$1.25; 6 for \$2.00; 12 for \$3.50.

GRENADIN PINK—A lovely delicate pink Hardy Carnation, that is equally fine in the garden and for cut flowers. 3 for \$1.00; 6 for \$1.50; 12 for \$2.50.

GRENADIN WHITE—A wonderful white form of the above. 3 for \$1.00; 6 for \$1.50; 12 for \$2.50.

CHRISTMAS ROSE (Helleborus) — This very rare and unusual plant produces its white flowers during the Winter months, regardless of snow or freezing weather. Its leathery foliage is evergreen and will withstand sub-zero weather. Prefers a damp shady spot. Plant in the Spring. **Strong Plants \$1.00 each; 3 for \$2.75; 6 for \$5.00.**

CORAL BELLS (Heuchera Rosamundi) — Graceful bell-shaped flowers of coral pink. Fine for cutting. The best of the "Coral Bells". 50c each; 3 for \$1.00; 6 for \$1.50.

MINIATURE DAYLILIES—The following list of Miniature Daylilies are all ideal for the rock garden, either in full sun or semi-shade. The foliage is grass-like and the flowers are charming. All are of the easiest culture. Height about 12 to 18 inches.

DUMORTIERI—Rich deep orange Daylily. May, June. 50c.

GRACILIS—Dainty lemon yellow Daylily. May, June. 50c.

MINOR—A pleasing primrose yellow Daylily. June. 50c.

ORANGEMAN—Very early. Medium yellow Daylily. 50c.

DIANTHUS GRANITICUS—6 to 8 in. A very lovely, symmetrical, low growing Dianthus of rather dense growth, smothered with myriads of attractive tiny pink, red and white flowers. Assorted colors only. 35c each; 3 for 85c; 6 for \$1.50; 12 for \$2.50.

DIANTHUS DELTOIDES BRILLIANT—Similar to above in one color only, a glowing crimson red. 50c each; 3 for \$1.00; 6 for \$1.75; 12 for \$3.00.

DIANTHUS ROSE CUSHION—A very free flowering uniform true rose pink. 50c each; 3 for \$1.00; 6 for \$1.75; 12 for \$3.00.

MINIATURE BEARDED IRIS FOR THE ROCK GARDEN—Flower in April and May on Long Island—Earlier in the South. The following varieties are all fine.

ATROVIOLOACEA—5 in. Earliest to bloom. Red-purple with white throat. 15c.

BETSY PRESBY—5 in. Fine deep yellow. 15c.

BRIDE—6 in. Best pure white. 15c.

COERULEA—6 in. Soft sky blue. 15c.

CYANEA—6 in. Rich crimson-purple. 15c.

ROSE MIST—8 in. Soft mauve-pink. 35c.

1 each, above 6 varieties \$1.00; 3 each \$2.75; 6 each \$5.00

OTHER MINIATURE IRIS FOR THE ROCK GARDEN

CRISTATA—4 in. Dainty soft amethyst-blue. Crabapple fragrance. Prefers semi-shade. 20c.

CRISTATA ALBA—4 in. White form of above. 50c.

GRACILIPES—6 in. A tiny pinkish-lilac Japanese Crested Iris. 50c.

GRAMINEA—Prefers shade. Very fragrant. Reddish violet. 50c.

LACUSTRIS—3 in. Very early. Tiny lilac flowers. 50c.

VERNA—6 in. Rich blue. Much like a miniature Siberian Iris in appearance. 25c.

RUTHENICA—8 in. Delightfully fragrant, brilliant royal purple. Miniature form of *Laevigata*. Rare. \$1.00.

PRISMATICA—12 in. Dainty white flowers veined violet. Prefers a moist spot. 50c.

ROSA ROULETTI—(A true miniature Rose)—This lovely miniature Rose is ideal for the rock garden North or South, as it stands any degree of sub-zero weather, as well as the heat of the tropics. Popular a century ago, it was completely lost to commerce until recently re-discovered growing in a window box in Switzerland by M. Correvo, the famous plant collector. The tiny deep pink flowers are fully double, about an inch in diameter, and borne profusely from early Summer until killed by frost. The equally tiny leaves are also very ornamental. It grows only 6 to 12 inches tall, depending upon the richness of the soil, and about the same width. Once planted, it requires no further care. A real gem. 75c each; 3 for \$1.50.

Miniature Iris

Choice Hardy Perennials

It gives me great pleasure to present this unusually attractive list of Hardy Perennials. I could easily extend the list indefinitely, but I am confining the list to those items that I am sure flower lovers will be glad to have in their gardens. Many new and unusually beautiful novelties are included.

Hardy Perennials are easy to grow, and require less care than Annuals or other garden plants. When once planted they can be depended upon to give a permanence to the garden by continuing to flower year after year with little care. With the addition of Perennials an everblooming garden may easily be created. Most of them are particularly useful for cut flowers. All are hardy anywhere and the plants I will send will all be large, healthy, two year field-grown specimens, ready to produce an abundance of flowers.

Perennials should never be planted singly, but for best effect should always be planted in clumps of several plants of a variety, or in masses.

Anemone

ANEMONE "QUEEN CHARLOTTE"—A new and greatly improved double pink Japanese Anemone for cutting and garden display, flowering from September until frost. Will grow 3 to 4 feet high in partial shade and will also do well in full sun. Strong field grown plants 50c each; 3 for \$1.00; 6 for \$1.75; 12 for \$3.00.

ANEMONE "WHIRLWIND"—Same as above but in white. 50c each; 3 for \$1.00; 6 for \$1.75; 12 for \$3.00.

ARTEMESIA SILVER KING—3 ft. A striking

plant with frosted silvery white foliage. Beautiful for setting off bouquets or floral pieces, and especially effective in the garden. 3 for \$1.00; 6 for \$1.50; 12 for \$2.50.

BLEEDING HEARTS (Dicentra Spectabilis)—See color illustration. This old-fashioned favorite, with graceful racemes of flowers, is a great delight in any garden, and will make itself perfectly at home anywhere. Extra Strong Clumps 50c each; 3 for \$1.25; 6 for \$2.00.

PLUMED BLEEDING HEART—The plumed foliage of this variety has a beautiful fern-like appearance, more handsome than the finest fern. Blooms all Summer and the foliage remains handsome until killed by severe freezing weather. Prefers semi-shade. 50c each; 3 for \$1.25; 6 for \$2.00; 12 for \$3.50.

Bleeding Heart

CANTERBURY BELLS (Campanula Medium)—2 ft. Extremely showy bell-shaped flowers in a lovely shade of blue; also snow white and an exquisite pink shade. These are so well known that no detailed description is necessary, but they are among the most

attractive of our Hardy Perennials. The plants are of upright growth and literally covered with flowers, which last several days when cut. Separate colors or mixed. 3 for 75c; 6 for \$1.25; 12 for \$2.00.

CENTAUREA MONTANA (Perennial Cornflower)—This Hardy Cornflower bears large brilliant blue-violet flowers from July until September. 50c each; 3 for 85c; 6 for \$1.50.

CHINESE BELLFLOWER (Platycodon Grandiflora)

—20 in. Very large deep blue bell-shaped flowers, the buds resembling an inflated balloon before they open. One of the most popular Perennials. Flowers all Summer. 3 for \$1.00; 6 for \$1.50; 12 for \$2.50.

COREOPSIS "GOLDEN GIANT"—A glorious new giant-flowered Coreopsis, with flowers four inches in diameter, of perfect form, outstanding true golden yellow color and exquisite fragrance. A real acquisition for garden or cut flowers. 50c each; 3 for \$1.25; 6 for \$2.00; 12 for \$3.50.

DAISY "WHITE SWAN" (Double)—Something new and unusually beautiful. See illustration page 30. Solid double pure snow-white flowers on good wiry stems from 18 to 24 inches long. Magnificent for cut flowers and for landscape or garden effect. 75c each; 3 for \$2.00; 6 for \$3.50.

DELPHINIUMS "GOLD MEDAL HYBRIDS"—See illustration page 30. These

Hybrids produce huge spikes often 4 to 5 feet high, studded with blooms. The flowers range through mauve, blue, purple and white. The plants we are offering this season should sell for \$1.00 each, but we have an extra fine large stock of them and are making a special price inducement that should appeal to all flower lovers. Sold in mixed colors only. 3 for \$1.50; 6 for \$2.50; 12 for \$4.50.

Hardy Ageratum

Coreopsis

Choice Hardy Perennials (Continued)

DICTAMUS (Gas Plant)—This is one of our most useful and permanent garden plants. It is called the Gas Plant because the rose-pink flowers are covered with glands which emit a secretion that can be lighted on warm evenings without injury to the plant. The ornamental gray leaves are delightfully fragrant. Once planted they last a lifetime. 50c each; 3 for \$1.25; 6 for \$2.00; 12 for \$3.50.

EUPATORIUM COELESTINUM (Hardy Ageratum)—18 to 30 in. Those who are fond of the lovely blue Ageratum will surely find this hardy species even more enchanting. The plant is literally covered with true fluffy blue Ageratum flowers, from July until frost; the best of all it reappears each year without further attention after it is once planted. 3 for 75c; 6 for \$1.25; 12 for \$2.25.

FUNKIA SUBCORDATA GRANDIFLORA—This rare and unusual Funkia has large exquisitely fragrant white flowers resembling Easter Lilies and almost as large, borne profusely all Summer long. The foliage is also ornamental and quite unlike the lily foliage. They are so hardy that they will grow anywhere in sun or shade with practically no care. Equally attractive in the rock garden or in a wild garden, or in the border or in a bed by themselves. 3 for \$1.00; 6 for \$1.50; 12 for \$2.50.

GAILLARDIA—18 in. See color illustration. Daisy-shaped orange yellow flowers, banded with red. Flower freely all Summer and Fall. 3 for 75c; 6 for \$1.25; 12 for \$2.00.

GEUM "FIRE OPAL"—2 ft. A new dazzling rich scarlet variety with orange sheen, flowering freely from May to October; flowers 3 inches across. Excellent as cut flowers and showy in the garden. 50c each; 3 for \$1.25; 6 for \$2.00; 12 for \$3.50.

Delphiniums

GEUM "PRINCESS JULIANA"—2 ft. A splendid new Hybrid, with pure orange yellow flowers on long stems. Very free bloomer. 75c each; 3 for \$2.00; 6 for \$3.50; 12 for \$6.00.

GIANT MALLOWS—3 ft. See color illustration page 31. These improved Giant Mallows have flowers as large as a dinner plate in the most lovely pure pink, also in white and vivid red. They look much like huge Hollyhocks, but the flowers are several times as large and the plant more bushy. They flower profusely all Summer and require no care. The extra strong clumps I will send will flower the first year and increase in beauty each year. Mixed or separate colors, 50c each; 3 for \$1.00; 6 for \$1.25; 12 for \$2.00.

LIATRIS "SCARIOSIA"—This is the most showy of the Liatris, the flower stalks being 4 to 5 feet tall and covered with purple flowers all along the flower stalks. Excellent for cut flowers and very showy in the garden. 3 for \$1.25; 6 for \$2.00; 12 for \$3.50.

LUNARIA (Honesty or Money Plant)—24 in. This flower, which is a native of Europe and Western Asia, is one of the most lovely of our early Spring flowers. Each plant is a veritable bouquet of flowers, beginning the last week of April and continuing for several weeks. The plant is of beautiful symmetrical form. The color is petunia violet and the individual florets remind one somewhat of Phlox. (There is also a white form.)

White Swan Double Daisy

During Autumn, after the flowers have disappeared, seed pods form, each pod being about the size of a silver dollar and the color of cellophane. These seed pods are very ornamental and useful for Winter bouquets, as they last all Winter, and the entire plant should be cut down in the Fall and used for Winter decoration.

The name Lunaria is derived from the latin "Luna", the moon, and alludes to the silvery moon-shaped pods. It is called "Money Plant" because these disc-like, flat silvery seed pods resemble money hanging all over the plant in the Fall. The appellation "Honesty" is applied because these seed pods are transparent and you can "see through" them, nothing being hidden, the seeds being visible through the pod. Not to be confused with Linaria, which is an entirely different and unimportant plant. 3 for \$1.00; 6 for \$1.50; 12 for \$2.50, Postpaid.

LYCHNIS CHALCEDONICA—3 ft. See color illustration page 31. One of the most brilliant of our hardy plants, with vivid scarlet flower heads. Flowers all Summer. 3 for 85c; 6 for \$1.50; 12 for \$2.50.

Gaillardia

Choice Hardy Perennials (Continued)

PAINTED DAISY "MIAMI QUEEN" — Magnificent semi-double pink flowers, unexcelled in the garden or for cutting. All plants come true, as they are all root divisions of one original plant. The finest of all Painted Daisies. 75c each; 3 for \$2.00; 6 for \$3.75; 12 for \$6.00.

Tritoma

PENSTAMON UNILATERALIS—30 in. A magnificent border plant and excellent as a cut flower. Each plant produces in June several spikes of opalescent blue flowers which last well when cut. 3 for \$1.00; 6 for \$1.75; 12 for \$3.00.

RED YUCCA — You no doubt know the white Yucca, which produces its four foot spikes of white bell-shaped flowers,

each a giant bouquet itself; but you probably never before heard of the new RED YUCCA. It is the same as the White Yucca, but with brilliant red flowers. The foliage is of tropical appearance and remains green all Winter regardless of sub-zero weather. Large strong extra heavy plants \$1.50 each Postpaid.

SPIREA "PEACH BLOSSOM"—This very lovely variety has flowers of the most exquisite delicate peach blossom pink, with glossy ornamental foliage. 50c each; 3 for \$1.25; 6 for \$2.00; 12 for \$3.50.

SPIREA "QUEEN ALEXANDRA"—Similar to Peach Blossom excepting that the color is white. 50c each; 3 for \$1.25; 6 for \$2.00; 12 for \$3.50.

HARDY SWEET PEAS (Lathyrus)—The flowers are quite as handsome as the annual Sweet Peas, but once planted these hardy Sweet Peas will take care of themselves, coming up each year with little or no care. For covering a low trellis or fence there is nothing finer. The vines die down during the Winter and make new growth each Spring and Summer. The plants are of such rugged growth and so much branched that each plant will cover several feet of fence or trellis. The flowers grow in clusters, one cluster being sufficient for a corsage bouquet, and the plants are covered with these clusters of delightful red, pink and white flowers all Summer long. The flowers on each plant, of course, are of one color, and the plants are sold in mixed colors only. 3 for \$1.00; 6 for \$1.50; 12 for \$2.50.

THALACTRUM GLAUCUM (Meadow Rue)—Ornamental blue gray foliage, with large heads of exquisitely fragrant fluffy Chinese yellow flowers. 50c each; 3 for \$1.25; 6 for \$2.00; 12 for \$3.50.

TRITOMA HYBRIDS — See colored illustration. These Hybrids include pale yellows to deep orange and scarlet. They are very showy and effective in the garden when planted in masses of 6 or more. 3 for \$1.00; 6 for \$1.50; 12 for \$2.25.

VALERIANA RUBRA— 2 ft. A very showy hardy plant, covered with attractive rose - colored flowers during June and again during August and September. 35c each; 3 for 85c; 6 for \$1.50.

VINCA MINOR "BOWLES" VARIETY— A very attractive ground cover, having runners of glossy evergreen foliage. Flowers bright Eleanor-blue, produced in the greatest profusion in early Spring, with a few blooms all Summer. The flowers are double the size of Vinca Minor. 50c each; 3 for \$1.25; 6 for \$2.00; 12 for \$3.50.

Lychnis Chalcedonica

Giant Mallow

KOREAN CHRYSANTHEMUMS

This new race of Korean Chrysanthemums is one of the greatest recent horticultural achievements. Each plant is literally covered with hundreds of flowers the first season and many huge bouquets may be cut from a single plant. As cut flowers they are superb, lasting a long time in water. In the garden their

great masses of autumn bloom are a source of endless joy, coming at a time when all other flowers in the garden have finished blooming. The colors are mostly new to the Chrysanthemum family, their great beauty being but faintly suggested by the entirely inadequate illustration at the left, as both the artist and the engraver found it difficult to reproduce on paper the great beauty of these new hybrid Korean Chrysanthemums.

The Korean Chrysanthemums were developed from a Chrysanthemum species that is native to Korea and Siberia, where all plants must have a rugged, robust constitution to endure the Arctic climate. These new hybrids retain the unusual vigor and hardiness of the parent plants and are therefore especially suited to our American gardens and entirely hardy in the most severe climate.

See page 23 for complete list. All plants furnished will be large, strong, field grown clumps.

BUDDLEIA HARTWEGI— The New Butterfly Bush —This new introduction, now offered for the first time is the finest of all of the Summer-flowering Butterfly Bushes. It is unsurpassed for beauty and usefulness, either as an effective garden subject or for cut flowers. The flowers do not fade and it opens to the tip before the basal flowers fade. The flowers are closely and compactly placed on the panicles. It is hardier than any other Butterfly Bush, requiring no protection. Plants from 2 1/4 inch pots will be furnished in this first introductory sale. They should flower profusely the first year. **75c each; 3 for \$2.00.**

BUDDLEIA VARIABILIS WILSONI — This very lovely new Butterfly Bush produces immense spikes of flowers sometimes 30 inches long, of a bright rosy-lilac color with an orange eye. Flowers in September. Strong plants. **50c each; 3 for \$1.25; 6 for \$2.00; 12 for \$3.50.**
